

# HTCC 6

## Hot Topics in Contemporary Crystallography

Advanced macromolecular  
crystallography workshop

Dubrovnik, Croatia, 7-12 April 2024

### Topics:

- crystallization
- data collection  
(home source, synchrotron, XFEL)
- processing and structure  
determination (CCP4)
- databases (PDB & CSD)

*Bring your own sample and we shall  
set the crystallization experiment!*
